Accessible Service
All Connect Transit buses are equipped with lifts or ramps to accommodate people who cannot use steps to board or exit the bus. Fixed route buses also “kneel” which lowers the first step of the bus to assist riders who may have difficulty negotiating the height of the first step into the bus.

Connect Transit is committed to making reasonable modifications to its policies, practices and procedures to ensure programs and services are accessible to individuals with disabilities. Requests for modifications can be made by calling Connect Transit at 309.828.9833.

Connect Mobility ADA Paratransit Service

For passengers who are unable to use the Connect Transit fixed route buses, there is Connect Mobility curb-to-curb paratransit service. Connect Mobility is provided in accordance with the Americans with Disabilities Act and everyone who uses the service must be certified. Connect Mobility operates during the same hours as fixed route service (route schedule varies by time of year - contact us for details). For information regarding eligibility, please contact the Connect Transit staff at 309.828.7511 or go to www.connect-transit.com to download an eligibility application.

Reading a schedule

- Find the proper schedule for the day of week and direction of travel.
- Find the locations nearest your starting point and destination.
- Read down the columns to see times the buses serve those locations.
- Read across to the right to see when a bus trip will reach your destination. Each row across represents one bus trip.

All time points except for the last one indicate the earliest time the bus will depart. The last time point indicates the latest time the bus will arrive at that location.

What is the Red Express and why do I need it?
The Red Express operates on the most in-demand segment of its parent route the Red. By only operating along a core portion of the route, passengers experience increased frequency (Express frequency is often double that of its parent route) and this allows for easier connections and reduced wait times. Please note that if your destination falls beyond the endpoint of the Red Express, you will need to board the regular parent route.

Mon-Fri: 30 minute frequency

Connect FLEX

Connect FLEX is an on-demand, rideshare service that allows passengers to book trips within the service zone. Riders will be able to book their rides right on their cell phone and watch as the vehicle heads to them! See below for details on how to use Connect FLEX or visit our website at <https://connect-transit.com/riders/connect-flex>.

Step 1

Download the "Connect Transit App".

Step 2

Register with a phone number or email address.

Step 3

Set your pick up and drop off locations.

Step 4

Review and select from the list of suggested trip options.

Step 5

Follow the directions to your pick up location.

Step 6

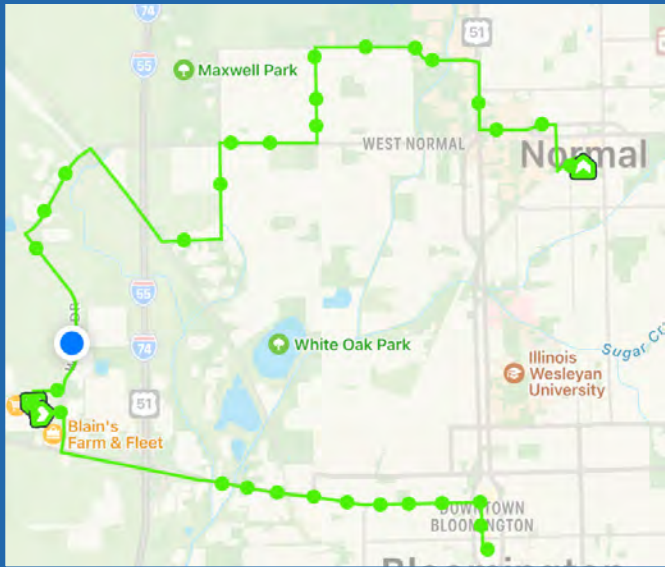

Track your vehicle in real time while you wait!

Step 7

Enjoy your ride!

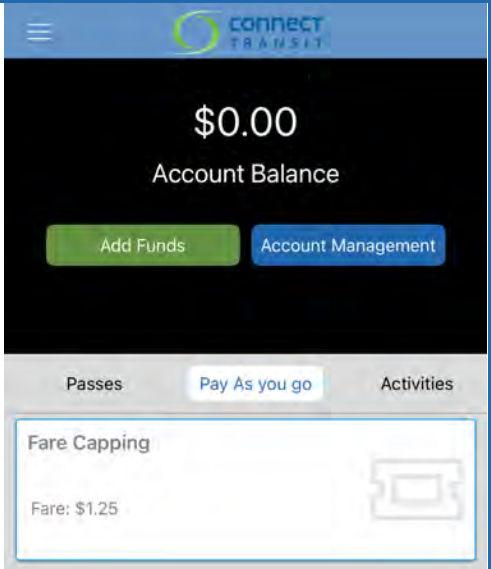

Real-time bus info is just a click away!

The exact location of your bus can be found by downloading the "Connect Transit" app. The app uses real time GPS to track your bus - meaning no more waiting and wondering where your bus is! Download the app to track your bus, plan your trip, view our schedules, and see the most up to date information we have to offer!

Want to pay your fare online?

If you can't make it to our facility or one of our pass vendors - don't worry, there's more than one way to pay your bus fare! Download the "Connect Transit Ticketing" app to purchase passes online to use when you board the bus. An added bonus of using our app is to unlock the ability to "fare cap" or pay as you go. If you're uncertain about purchasing a \$40 monthly pass, you can use our \$1.25 single ride passes each time you'd like to ride. The app will keep track and never let you spend more than \$40 in a month!

Riding Tips

Get to your bus stop a few minutes early. As the bus approaches, look for the route or destination on the front of the bus to see if it is the one you need. Not sure? Ask the driver.

Paying the Fare

A fare box is located next to the driver. The fare box takes cash, coins, and Connect Transit bus passes.

Take a Seat

We ask that you keep the seats at the front of the bus open for seniors and disabled individuals. Also, we recommend that for your safety, you take a seat instead of standing.

While Riding

There is no smoking, eating or drinking. Listening to audio/video devices without headphones is not permitted.

Getting off the Bus

About a block from your stop, pull the cord on the wall above your seat to signal the driver. Wait until the bus comes to a complete stop and depart from the rear door.

Transferring Buses

If you will be transferring to another bus, ask your driver for a transfer when you pay your fare. Transfers are not valid on the same route from which the transfer was issued, or for use on a return trip. If you use a bus pass, you will not need a transfer.

Overlapping Stops:

Stops that are shared by multiple routes are noted on maps as "Overlaps with". This indication informs riders that it is possible to switch from one route to another at this location. The wait time between buses will vary based on the frequency and timing of each route.

Transfer Center:

Uptown Station and Downtown Bloomington are the only dedicated transfer locations where buses are coordinated to shorten the wait time. To accomplish this coordination extra time must be added to each route at these locations. We call this dwell time. Proper staging and infrastructure must also be available so that buses can be out of traffic and allow for safe pedestrian travel.

Bike Racks

All Connect Transit fixed route buses are equipped with bike racks. The racks allow a bike rider to mount their bike on the front of the bus when riding. There is no extra charge for your bike. Bikes are not allowed on the inside of the bus.
