## Accessible Service

All Connect Transit buses are equipped with lifts or ramps to accommodate people who cannot use steps to board or exit the bus. Fixed route buses also "kneel" which lowers the first step of the bus to assist riders who may have difficulty negotiating the height of the first step into the bus.

Connect Transit is committed to making reasonable modifications to its policies, practices and procedures to ensure programs and services are accessible to individuals with disabilities. Requests for modifications can be made by calling Connect Transit at 309.828.9833.

## Connect Mobility ADA Paratransit Service

For passengers who are unable to use the Connect Transit fixed route buses, there is Connect Mobility curb-to-curb paratransit service. Connect Mobility is provided in accordance with the Americans with Disabilities Act and everyone who uses the service must be certified. Connect Mobility operates during the same hours as fixed route service (route schedule varies by time of year - contact us for details). For information regarding eligibility, please contact the Connect Transit staff at 309.828.7511 or go to [www.connect-transit.com](http://www.connect-transit.com) to download an eligibility application.
